## **Summary**

Uniform Budget Programme Structures for the 2016/17 Budget are applicable to: Basic Education; Health; Social Development; Provincial Treasuries; Provincial Legislatures; Department of the Office the Premier; Agriculture and Rural Development; Human Settlements; Safety and Liaison; Economic Development and Tourism; Cooperative Governance and Traditional Affairs; Sport, Arts and Culture; Public Works; Transport; and Environmental Affairs. No new changes are introduced for 2016/17.

Please note that the Budget and Programme Structures must be complied with, as agreed in the sectoral meetings, to facilitate accurate and credible aggregation and consolidation of financial and non-financial information. Where a provincial department wishes to deviate from the sectorally agreed structure, such should be preceded by a formal request to the National Treasury, via the relevant Provincial Treasury.

All provincial departments should fully implement the collectively agreed Uniform Budget Programme Structures for the 2016 MTEF.

National Treasury is currently reviewing the budget and programme structure for Department of the Office of the Premier. This matter also receives attention at senior administrative level to expedite the review process.

A number of requests for deviation were received from provincial Departments of Economic Affairs in line with policy developments and service delivery challenges. National Treasury envisages that the sector meets in the new year to deliberate the impact on the current uniform budget and programme structure.
